

Rockwell
Cuernavaca - General View
March 30th 2026 - v1.2 (Version by AEG)

Change log
March 13, 2026 - Added EF_AUTOMATIC_VALVES_GASI)
- Added the Active Directory server to the diagram
- Added the PanelView connection to ThinManager
- Linked the remaining virtual machines with their corresponding services

March 30, 2026 - The OPC server was separated from the Automatic Valves system, but it remains available as an optional server for use in other projects.
